GOOD FOR YOU. We are the place to be healthy and make meaningful connections. Our fitness facilities provide a place to build and foster friendships, reclaim healthy habits, overcome challenges, set new goals, and become the best version of yourself.

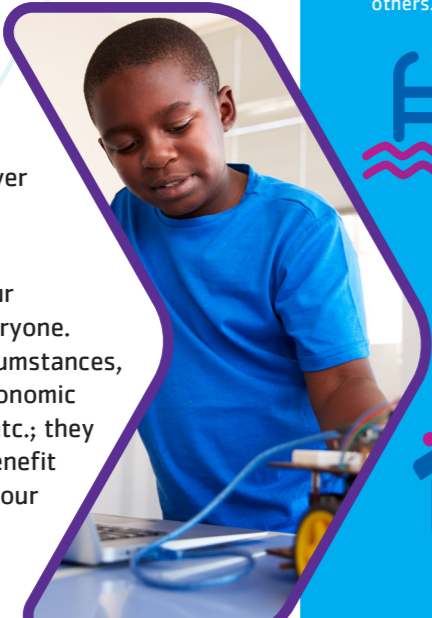

GOOD FOR KIDS. We are a positive place for kids and teens to discover who they are and what they can achieve. We are a place where they can learn, grow, play and succeed, all while being cared for by positive role models in a safe environment.

THE Y IS HERE FOR GOOD.

GOOD FOR COMMUNITIES.

Our purpose is to strengthen communities. Through the Y's services and programs our communities can find resources to thrive. We have the presence to deliver positive change.

GOOD FOR ALL. Our programs are open to everyone. No matter a person's circumstances, background, age, race, economic status, income, abilities, etc.; they are welcome to access, benefit from and be a member of our programs.

EACH DONATION MAKES AN IMPACT FOR GOOD.

Your support helps make it possible to keep our promise of making YMCA programs and services available to all. While each gift may have their own amount, all donations are unrestricted. This allows us to spread the good.

OUR GOAL: \$1,000,000

\$10,000

will provide up to **four students a one-year scholarship** to our YMCA Afterschool & Enrichment program. YMCA childcare helps working parents and focuses on skill-building and healthy habits to create lasting positive behaviors, peer relationships, and instill a love of learning.

\$4,600

supports 34 adults with disabilities to attend the **New Horizons** Program and learn social skills, be out in the community with their peers, and receive the care and support of our staff.

\$825

provides 15 seniors 2 months of **balance and mobility class**. Belonging to the Y helps seniors keep active, prevents illness, and keeps them connected with others.

\$680

will allow a child to make friends, learn new skills, and develop self-confidence during a week of **overnight camp**.

\$500

gives 5 preschoolers six weeks of **sports classes**. Participation in sports allows kids to make lasting friendships, develop communication skills, feel a sense of community and learn to respect others.

\$300

provides 4-6 weeks of **swim lessons** to 3 youth. Lessons are important because drowning is the second leading cause of accidental death for children in the United States.

\$145

provides one week of **Youth Science Camp**. Camp scholarships give children in need a chance to unplug, get outside, and build skills and friendships that last a lifetime.

\$37

sponsors 1 teen for 1 month of Y membership and **teen programming**. Too many teens are not graduating high school. It is essential teens get the support they need to stay on track and make smart choices.
