

ADVENTURE GUIDES

How the Program Works

Adventure Guides offers father/daughter and father/son expeditions for kids ages 5-12. Unlike drop-off programs, each outing is attended by both father and child. The program enables parent and child to share new adventures, explore nature, and create memories that will last two lifetimes.

Events

Events can be day, overnight, or weekend trips and include: Catalina, Joshua Tree, Winter Camp Camp Surf, Roar n Snore, and local tent camp outs, plus community service projects, monthly gatherings and much more! Attendance at all events is not required. Attend all or attend a few.

Compass Program

The Compass Program allows guides to participate in fun and challenging activities outside of meetings and events, offering more one-on-one time for parent and child.

Financial Assistance

The YMCA is a non profit organization and will not turn anyone away due to their inability to pay. Our annual campaign gives families a chance to work together to raise funds for those most in need in our communities.

Adventure Guides

Circle

Expedition

Expeditions are groups of Circles organized by gender (i.e. dad/daughter). Typically an Expedition is made up of 4-10 Circles within the local communities.

Circles are a group of dads & sons or daughters. Typically Circles are made up of 5 or more families within a school or neighborhood, but not necessarily. Many families join Circles with work friends or sports friends.

Each person (dad & child) chooses an Adventure Guide name when joining the program.
